ATHENA'S COURT

The **Athena's Court** program works to decrease recidivism of its participants by offering community services and community integration to address the needs of justice-involved individuals who have experienced human trafficking or are at risk of sexual exploitation.

- Individuals often do not self-identify as being trafficked
- Women, children, and transgender individuals are among the highest affected groups
- 32% of individuals who are trafficked were recruited by an intimate partner
- Most traffickers use psychological means such as, tricking, defrauding, manipulating or threatening victims

Athena's Court appreciates the diversity of human beings and does not discriminate based on race, age, religion, ability, marital status, sexual orientation, or gender identity.

If you think an individual may be eligible for the **Athena's Court** program, please contact:
